

Report Number: 174

SEN: Hearing Impairment

EHCP REPORT #174

Section A: Views, interests, and aspirations

[Student Name] is a 14-year-old student who enjoys creative writing and digital art. She aspires to attend college to study graphic design. She expresses that she sometimes feels isolated in large group discussions and wants to be able to participate more confidently in class without feeling like she is missing key information. Her parents hope she develops the independence to advocate for her communication needs in preparation for adulthood.

Section B: Special educational needs

[Student Name] has a permanent bilateral hearing impairment. This impacts her ability to access auditory information in busy classroom environments, particularly when there is background noise or when the speaker is not facing her. She requires support to process complex verbal instructions and to maintain focus during fast-paced peer interactions.

Section C: Health needs

[Student Name] requires regular monitoring of her hearing technology (e.g., hearing aids or radio aids). She requires an annual audiology review to ensure equipment is functioning optimally and to monitor for any changes in her hearing threshold.

Section D: Social care needs

None identified at this time.

Section E: Outcomes sought

1. By the end of Year 10, [Student Name] will independently manage her hearing equipment and report malfunctions to staff.
2. By the end of Year 11, [Student Name] will use self-advocacy strategies to request clarification or repetition in 90% of classroom scenarios.
3. [Student Name] will achieve age-related expectations in core subjects by accessing the curriculum through modified auditory support.

Section F: Special educational provision

- Provision of a radio aid system to be used by teaching staff in all lessons.
- Preferential seating in all classrooms to ensure a clear line of sight to the teacher's face for lip-reading.
- Access to a qualified Teacher of the Deaf (ToD) for termly monitoring and advice to staff.
- Pre-tutoring of subject-specific vocabulary to support comprehension of new topics.
- Staff training on deaf-awareness strategies (e.g., ensuring the student is looking before speaking, avoiding talking while writing on the board).

Section G: Health provision

- Annual audiology assessment and maintenance of hearing technology provided by the NHS Audiology Department.
- School-based support to ensure daily checks of hearing aids/radio aids are completed.

Section H1: Social care provision (CSDPA 1970)

None identified.

Section H2: Additional social care provision

None identified.

Section I: Placement

[Name of School], a state-funded secondary school.

Section J: Personal budget / direct payments

Not applicable.

Section K: Assessment evidence and advice

- Audiology Report (dated [Date])
- Teacher of the Deaf Assessment (dated [Date])
- Educational Psychologist Advice (dated [Date])
- School Progress Reports (Year 9)
- Parent and Student Consultation Records (dated [Date])
