

Report Number: 337

SEN: Specific Learning Difficulty

EHCP REPORT #337

Section A: Views, interests, and aspirations

The student enjoys digital media production and graphic design. He expresses a desire to improve his literacy skills to better communicate his ideas. His long-term aspiration is to attend a local college to study creative media and eventually secure employment in the gaming or digital design industry. He values a calm, structured environment where he feels heard and respected.

Section B: Special educational needs

1. **Specific Learning Difficulty (SpLD):** Significant challenges with phonological processing, working memory, and written expression, impacting attainment in core subjects.
2. **Social, Emotional, and Mental Health (SEMH):** Difficulties with emotional regulation, leading to anxiety-based school avoidance and occasional dysregulation when faced with academic tasks he perceives as overwhelming.

Section C: Health needs

None identified beyond the need for monitoring of anxiety levels as they relate to his SEMH needs.

Section D: Social care needs

None identified.

Section E: Outcomes sought

1. **Academic:** To improve reading and writing fluency to a level that allows for independent completion of Level 1/2 vocational coursework.
2. **SEMH:** To develop a toolkit of self-regulation strategies to manage anxiety, reducing instances of dysregulation by 50% over the next 12 months.
3. **Independence:** To increase self-advocacy skills, enabling the student to request support or "time-out" breaks appropriately.

Section F: Special educational provision

1. **Literacy Support:** Daily small-group or 1:1 intervention focusing on multisensory literacy approaches and assistive technology (e.g., speech-to-text software).
2. **SEMH Support:** Access to a designated key worker for daily check-ins; access to a "quiet zone" for emotional regulation; implementation of a structured visual timetable.
3. **Curriculum Access:** Differentiated tasks with reduced written output requirements; use of scaffolds and writing frames.
4. **Staff Training:** All staff to receive training on supporting students with SpLD and trauma-informed approaches to SEMH.

Section G: Health provision

None required.

Section H1: Social care provision (CSDPA 1970)

None required.

Section H2: Additional social care provision

None required.

Section I: Placement

[Name of State-funded Alternative Provision School]. The school is deemed appropriate to meet the student's needs for a small-group environment with high staff-to-student ratios and integrated therapeutic support.

Section J: Personal budget / direct payments

Not applicable.

Section K: Assessment evidence and advice

- Educational Psychologist Report (dated [Date])
- School-based progress data and internal SEMH assessments
- Parent/Carer and student consultation meeting notes
- Teacher observations regarding classroom engagement and barriers to learning
