

Report Number: 64

SEN: Hearing Impairment

EHCP REPORT #64

Section A: Views, interests, and aspirations

[Student Name] is a bright, creative 10-year-old girl who enjoys art, particularly drawing and painting. She expresses herself well through visual media. Her aspiration is to become an illustrator. She enjoys playing with her peers but sometimes feels frustrated when she misses parts of conversations in noisy environments. She wants to be able to communicate more confidently with her friends and teachers.

Section B: Special educational needs

1. **Hearing Impairment:** [Student Name] has a permanent hearing impairment requiring the use of amplification technology. She experiences significant difficulty accessing auditory information in group settings and background noise.
2. **Speech, Language, and Communication Needs (SLCN):** Due to her hearing impairment, [Student Name] has delays in expressive and receptive language, specifically in vocabulary acquisition, sentence structure, and auditory processing.

Section C: Health needs

[Student Name] requires the maintenance and monitoring of her hearing aids/cochlear implants. She requires an annual audiology review and regular checks to ensure her assistive listening devices are functioning correctly.

Section D: Social care needs

[Student Name] requires support to develop social communication skills to facilitate peer relationships and ensure she can navigate social situations safely and independently.

Section E: Outcomes sought

1. **Communication:** [Student Name] will use her communication strategies (including assistive technology) to initiate and maintain conversations with peers in a variety of school settings.
2. **Academic:** [Student Name] will improve her receptive language skills to meet age-related expectations in literacy and comprehension.
3. **Independence:** [Student Name] will independently manage her hearing equipment and advocate for her communication needs in the classroom.

Section F: Special educational provision

1. **Specialist Teaching:** Weekly sessions with a Teacher of the Deaf (ToD) to support curriculum access and language development.
2. **Speech and Language Therapy (SLT):** Bi-weekly sessions focusing on vocabulary development, auditory discrimination, and social communication skills.
3. **Classroom Support:** Use of a Soundfield system in the classroom. Staff to use clear speech, face-to-face positioning, and visual supports for all instructions.
4. **Monitoring:** Daily checks of hearing equipment by a trained member of staff.

Section G: Health provision

1. Annual audiology assessment and maintenance of hearing technology.
2. Training for school staff on the daily management and troubleshooting of [Student Name]'s specific hearing equipment.

Section H1: Social care provision (CSDPA 1970)

Provision of social opportunities to support the development of peer relationships and confidence in community settings.

Section H2: Additional social care provision

Access to after-school clubs with appropriate communication support to ensure [Student Name] can participate fully in extracurricular activities.

Section I: Placement

[Name of State-funded Special School]. The school provides a specialist environment with small class sizes, acoustic treatment, and staff trained in supporting hearing impairment and SLCN.

Section J: Personal budget / direct payments

Not applicable at this time. The provision is met through the school's core funding and commissioned specialist services.

Section K: Assessment evidence and advice

- Audiology Report (dated [Date])
- Speech and Language Therapy Assessment (dated [Date])
- Educational Psychologist Report (dated [Date])
- Teacher of the Deaf Assessment (dated [Date])
- Parent and Student Views (dated [Date])
